

LIQUID ROOMS - THE LABYRINTH ITSLIQUID INTERNATIONAL ART SHOW

Palazzo Ca' Zanardi - March 01, 2018 until March 30, 2018

LIQUID ROOMS - THE LABYRINTH is an invitation for artists to analyse their inner path and their artistic career, searching their identity as artists and as human beings. In the mythology of the various cultures of the world, the labyrinth and its interior spaces, the liquid rooms, represent an itinerary to achieve a goal, a way out.

The labyrinthine city of Venice represents the expression of human identities by the means of art.

ORGANIZED

by ITSLIQUID GROUP in collaboration with Palazzo Ca' Zanardi

project coordinator Carmela Loiacono

PALAZZO CA' ZANARDI

Palazzo Ca' Zanardi is a residential palace dating back to the 16th century which, over the centuries, has been added on to by various noble Venetian families and is one of the most evocative and beautiful palaces in the city of Venice; the Serenissima. Sumptuous and possessing particular charm, Ca' Zanardi is located in a most peaceful setting and has its own delightful private garden as well as a magnificent terrace full of sun and colour. Ca' Zanardi is located close to the Ca' D'Oro, the splendid 15th century gothic palace along the Grand Canal. It is located off the main tourist drag but is still easily reachable by foot, after a two minute walk from the Ca' D'Oro water bus stop, or by boat using the palazzo's private pier positioned along the fetching Santa Caterina canal. The refined elegance of the palazzo's halls and common areas and the delicacy of its original 16th century furnishings create a fascinating setting.
